The soul behind Images D'Orient

L'âme de Images D'Orient

Goûter à la vie différemment, jouir d'un festin multiculturel et prendre du plaisir à table et dans son chez-soi. Se sentir léger et faire le tour du monde par le bout des doigts, rien qu'en effleurant les diverses textures des produits. Commencer un voyage avant d'avoir survolé les frontières. Se délecter en face d'une nouvelle philosophie de vie et faire de sa vie un chef d'œuvre.
Cette saison, Images d'Orient s'embarque à la recherche d'un ailleurs aussi somptueux qu'inattendu, un ailleurs aux goûts et aux parfums enivrants. Nous croquons la vie à pleines dents et naviguons dans un labyrinthe où goûts et couleurs prennent vie.
C'est dans un univers placé sous le signe de la gourmandise que notre inspiration fleurit, nos collections s'enrichissent et voient naître de nouveaux produits : tasses, bols, plats, plateaux gigognes, vases, diffuseurs de parfums… Des produits au goût du jour mais sublimés par un arrière goût de nostalgie.
Cette année, nous avons été envoutés par le charme et l'énergie de "BEYt", demeure typiquement libanaise en plein milieu de Mar Mikhael, quartier de notre enfance. C'est dans cette magnifique maison d'hôtes, où Hiba, Jad, Kay, Nada et Sara nous ont charmé devant ou derrière la caméra avec des photos qui remontent le temps.
Laissez-vous livrer à une paisible collision entre des cultures éloignées mais plus proches que jamais …

Taste life differently, enjoy a multicultural feast and take pleasure at the table and all around your house. Circle the world from the tips of your fingers, travelling through the different textures of the products. Go on a trip without even crossing the borders. Take great delight in front of a new philosophy of life and transform it into a masterpiece.
This season, Images d'Orient is embarking on a quest of sumptuous and unexpected newness. We live life to the fullest and navigate through a labyrinth where tastes and colors come alive.
In a world of gourmandise, our inspiration is growing, our collections are flourishing and new products are born : cups, bowls, plates, stackable plates, vases, fragrance diffusers … Products are fresh and innovative but sublimated by a taste of nostalgia.
This year, we were captivated by the charm and energy of "BEYt", a typical Lebanese house in the heart of Mar Mikhael, neighbourhood of our childhood. In this magical guest house, Hiba, Jad, Kay, Nada and Sara worked in front of the cameras and behind the scenes to create photos that go back in time.
Indulge in a peaceful clash between distant cultures that are closer than ever …

Since 2500 BC, "The land between two continents and two oceans" is a favored destination for the nations. From 409 until 429, The Vandals, a Germanic people, occupy it and name it "Vandalusia". In 711 Andalusia witnesses the booming time of the Umayyad dynasty, and the discovery of the New World by Christopher Columbus in 1492, marks its golden age that will remain until its decline in the 17th Century. Despite all the conflicts and fluctuations, a lasting influence emerged from its cuisine, its architecture, its gardens and its textiles.

Kaokab

The sky has always been a mystery that fascinated earthlings. It lulls us to escape towards a limitless elsewhere. In old times, thinkers and sages are so captivated that they generated the most ancient discipline: astronomy. During the golden age of Islam in the VIII° century, art was enhanced with recurrent geometrical patterns such as the octagon and the 8 pointed stars. 'Kaokab' meaning planet, will immerse you in an enigmatic universe.

Le ciel est un mystère qui a toujours envoûté les locataires de la terre. Il nous procure une sensation d'évasion vers un ailleurs illimité. Jadis, savants et sages s'y passionnent pour fonder la plus ancienne des sciences : l'astronomie. Au VIII° siècle, à l'âge d'or de l'Islam, l'art se brode de motifs géométriques récurrents tels que l'octogone et l'étoile à 8 branches. 'Kaokab' signifiant 'planète', vous plongera dans un univers énigmatique.

Sursock Vitrail

Images d'Orient is inspired by the Venetian style windows of "Nicolas Sursock" Palace. This jewel of 1912 with its unique collection of modern and contemporary art was bestowed to the city of Beirut to root art in the region through exhibitions but also through new and unexpected programs that inform and engage the public.

Images d'Orient s'inspire des vitraux au style Vénitien du Palace « Nicolas Sursock ». Ce joyau des années 1912 avec sa collection unique d'art moderne et contemporain a été légué à la ville de Beyrouth pour enraciner l'art dans la région grâce à des expostions mais aussi par des programmes nouveaux et inattendus qui informent et engagent le public.

Birds of Paradise

Stirred by Asian art, Persian miniatures called « Negârgari » portray themes associated to Persian myths and poetry. It glorifies this art by representing a poetic and elegant space, richly detailed, indulging us in a dreamland and the notorious "gardens of paradise". The miniatures are adorned with majestic manuscripts, stunning colors and geometric and floral patterns. According to the collection of medieval poems "The Conference of the birds" written by Farid Al Din-Attar in the VIIth century, the birds, metaphors of the human being, are on a perpetual journey seeking enlightenment and spirituality.

Inspirées par l'artisanat asiatique, les miniatures Persanes dites « Negârgari » illustrent des thèmes liés aux mythes persans et à la poésie. Ces dernières glorifient cet art en représentant un espace poétique, élégant, richement détaillé, ouvert vers le rêve et les «Jardins du Paradis». Elles sont ornées de manuscrits majestueux aux couleurs sémillantes et de motifs géométriques et floraux. Selon le recueil de poèmes médiévaux «Le Cantique des oiseaux», écrit par Farid Al Din-Attar au XII ème siècle, les oiseaux, métaphores de l'être humain, sont en continuel cheminement, à la recherche de l'illumination et de la spiritualité.

Moucharabieh

The moucharabieh is a screen generally built out of small wooden elements turned and assembled according to a complex geometrical scheme. It allowed the viewer to observe without being seen, thus its nickname, Jealousy Windows. This meticulous technique was used on windows, balconies, ceilings and vaults as well as on furniture.

Le moucharabieh est un écran constitué généralement de petits éléments en bois tournés et assemblés selon un plan géométrique complexe. Il permet d'observer sans être vu, d'où son surnom « Fenêtres à Jalousie ». Cette technique minutieuse était utilisée sur les fenêtres, balcons, plafonds et voûtes mais aussi sur les meubles.

Vagabonde

Images d'Orient has a bohemian soul and goes hunting for patterns from the millennial weaving looms, and colours from the sparkling world of silk, the flamboyant warmth of velvet and the soothing feel of linen. A vagabond desire to explore the roads of yesteryear, these paths that speak of discoveries and encounters; of multi-belonging or being from here and elsewhere.

Images d'Orient a une âme vagabonde et s'en va chiner ces motifs des Métiers à tisser millénaires, et des couleurs des univers chatoyants de la soie, flamboyants du velours ou apaisants du lin. Envie bohême d'aller à la conquête du monde ; envie de mixité et de mélange ; envie d'emprunter ces routes d'antan, ces chemins qui parlent de découvertes et de rencontres ; pluri-appartenance ou être d'ici et d'ailleurs.

The principle of stackable objects found in Russian dolls is reflected in the interlocking or superposition of objects. In this playful and efficient spirit, we created stackable trays, in sets of three sizes that can be sold in packs or separately. Squares or rectangles, they can serve as food trays or as decorative objects.

Le principe des objets gigognes que l'on retrouve dans les poupées russes se traduit par l'emboîtement ou la superposition d'objets. Dans cet esprit ludique et efficace, nous avons créé les plateaux gigognes, de trois tailles différentes, vendus ensemble ou séparément. Carrés ou rectangles, ils peuvent servir de plateaux alimentaires comme d'objets décoratifs.

Appropriating a fragrance has become essential both on ourself and in our home. To meet this need, we have created diffusers whose fragrances come from the UK and are free of alcohol and pesticides.
Little trick, for a small bouquet of flowers, remove the two small elements of the diffuser to obtain a decorative vase.

S'approprier une senteur ou un parfum, c'est vouloir donner une identité a sa maison. Afin de satisfaire cette envie, nous avons créé des diffuseurs d'ambiance (ou des parfums d'intérieur) dont les fragrances nous viennent du Royaume-Uni et sont sans alcool ni pesticide. La petite astuce pour transformer ce diffuseur en vase décoratif, est de retirer les deux éléments qui servent de couvercle et d'y placer un joli bouquet de fleurs !

A word from the designer

Un petit mot...

“It must have all begun without my knowledge when I was a child...
I still remember the feeling of despair at the sight of an ancient house being destroyed, a deep rooted site being modernized, an old precious fabric being replaced!
I finished my Advertising degree and traveled from Lebanon to the United States where I took my Master degree in Fine Arts; I knew that I had to do things that will create beauty, inner peace or simply give a message.
Once back to our home country, my brother Charbel Raphael and I came to realize that designing items that will endorse the richness of our Mediterranean heritage was a dream we had to achieve. In 2000, Eusamex was founded and ‘Images d’Orient’ was born, along with many other products. We created a line of day to day objects that combined the charm of a Mediterranean heritage with a contemporary look: coasters, placemats, trivets... Fourteen years later, Images d’Orient travels around the world in more than 50 countries establishing a new trend in the design world, and every new collection brings its newcomers: bath line, travel line, accessories...
So, dive into the various tides of ‘Images d’Orient’ and find your wave!”

« Tout a dû commencer à mon insu, quand j’étais enfant...
Je me souviens encore de mon désarroi à la vue d’une ancienne maison détruite, d’un site ancien modernisé, d’un tissu précieux remplacé!
Après avoir obtenu mon diplôme de publicité du Liban, je voyage vers les États-Unis où je poursuis mes études pour avoir ma maîtrise en Beaux-arts; créer des objets qui génèrent la beauté, la paix intérieure ou tout simplement transmettent un message était ce que je désirai faire.
Une fois de retour au Liban, mon frère Charbel Raphael et moi-même, constatons que promouvoir la richesse de notre héritage méditerranéen était un but que nous devions atteindre. En 2000 Eusamex est fondée et “Images d’Orient” est née, avec une série d’objets contemporains inspirés de l’héritage méditerranéen : dessous de verre, set de table, dessous de plat...Ces différentes gammes voyagent actuellement dans plus de 50 pays établissant une nouvelle tendance dans le monde du design avec leur look à la fois vintage et futuriste. Chaque nouvelle collection entraîne avec elle la naissance de plusieurs nouveaux venus : ligne de bain, ligne de voyage, accessoires...
Plongez dans l’histoire de “ Images d’Orient “, et découvrez cet univers ! »
